

Imagicle: Cribis D&B certificate for commercial reliability

Massarosa (Italy), 2019, 22nd January

CRIBIS D&B Srl, a Crif company specialized in business information, credit scoring and solutions for business decisions, awarded Imagicle the "**Cribis Prime Company**" certificate, assigned to companies that fall within the "rating 1" with the highest level of reliability and economic and commercial solidity.

The recognition is conferred on the basis of the analysis of payment transactions, cash flows, and trends in payments, officially granting **Imagicle's highest economic and commercial reliability index**.

"Once more" - states **Massimo Di Puccio, co-CEO and Imagicle Chief Marketing & Sales Officer** - "I am happy to see that the constant work and enthusiasm that have always distinguished the Imagicle team continues to give exceptional results. In addition to our products, we are proud to offer our customers a quality service they can always count on. This certificate is another proof that we are going in the right direction. We will keep following it."

About Imagicle

Market leader in the UC apps space, Imagicle develops applications helping companies to make their communications faster, smarter and easier, either on-prem or in the partner Cloud. **20k+ customers in 150 countries** benefit of the **Imagicle ApplicationSuite**, which in a single suite and VM includes the most complete set of must have apps, to enhance Customer service, control and analyze calls, virtualize fax service, provide advanced directory services, recording calls and it adds mandatory hotel services to Cisco UC platforms.
